

Idea Mesh Worksheet

Use this worksheet to design your first Idea Mesh. Map a central idea, expand into connected articles, and define links that create a structured thinking system.

1. Central Idea (Anchor Node)

Write your core idea here:

2. Supporting Nodes

Add at least four related ideas:

Node 1: _____

Node 2: _____

Node 3: _____

Node 4: _____

3. Connections

Describe how your ideas connect:

4. Three Link Rule

For each node, define:

- Backward link (context): _____

- Sideways link (related idea): _____

- Forward link (next step): _____

5. Next Actions

What will you publish next?
